Dr. Olsen purchased the office equipment owned by Dr. Chadwick and is located over the Utah Power and Light office in this city. He has a complete X-Ray laboratory and is one of the most popular chiropractors in this city.

WANTED—Men or women to take orders among friends and neighbors for the genuine guaranteed hosiery full line for men, women and children. Eliminate darning. We pay 75 cents an hour spare time or \$3 a week for full time. Experience unnecessary. Write International Stocking Mills, Norristown, Pa. Adv-12-21-Sat

The High Price quorum of the Logan stake will convene in the stake tabernacle Sunday morning December 19 at 10 a. m. Special musical numbers have been arranged for and Elder N.W. Kimball will be the principal speaker. The presence of all members of the quorum is requested. H. B. Maughan, President.

Mr. John H. Rankhead addressed the Rotary club Thursday noon on the old subject of the city light and power plant. He characterized it as a

football kicked about by all political parties who upon being affected were as willing to drop it as to kick it. However he brought out the existing conditions and the need for real constructive work done by the city. In comparing the flat rate policy with that of meters he said the adopting of meters would save the city approximately \$1,000 per month and still have 24 per cent of its output for new business. The physical condition of the plant is very bad and seems almost to have served its time. He told of the constant care necessary to keep it going and in repair. He concluded by saying that the present commissioners were aware of the seriousness of the situation and are working on some plan of action.

Of all the busy places in the city one stands out prominently amongst the rest. As people are surging in and fro, looking for bargains, a great many recognize as the most substantial among them all the 'wonderful' value offers in E. C. M. I. made shoes by Rasmussen Bazaar. This progressive firm has been in the habit of having the manager Mr. Rasmussen go to the factory every so often and look over the production. Buying as he does, thousands of pairs at the time often cleaning up certain lines puts them in a position to offer these shoes at less than regular wholesale prices without sacrificing their profit which no business house can do without. Knowing a shoe as well as he does from his early training where he learned the art of shoe manufacturing, many have learned to rely on his judgment when it comes to a good substantial shoe.

A splendid program has been prepared by the Cache stake Mutual boards for the monthly convention to be held in the Fourth ward meeting house tomorrow at 2 p. m. All Mutual workers throughout the stake will want to be present and enjoy the program which is as follows: Vocal solo, Margaret Worley. Peace on Earth Good Will to Men, from the standpoint of a soldier in the front line trenches when peace came to the battle fields, Peter Nelson. Piano solo, Evelyn Palmer. Selecting a Mutual drama, N. A. Peterson. Detailed reports will be given of the funds raised for the Boy Scouts and Bee Hive girls camps.

CHRISTMAS PROGRAM AT A.C.

An exceptionally fine Christmas program has been arranged for 1:30 p. m. Monday, December 20, at the Utah Agricultural College.

The Rev. Arthur K. Moulton will deliver the Christmas address. The board of trustees of the college will be present at the exercises and President A. W. Ivins of the Board of Trustees will preside. Special music is being prepared for the occasion by the college choir and glee club.

The meeting will take the place of the regular weekly chapel services held each Monday at 1 o'clock. It will be held at half past one to allow the board of trustees to make an inspection of the college before the exercises.

A general invitation is extended by the college to the citizens of Logan and Cache county to be present at these special services.

BORDEN'S MILK PRICES FOR FIRST HALF OF DECEMBER

We beg to announce that for the first fifteen days of December we will pay fifty-three cents per pound butter fat.

LORENZO HANSEN, Superintendent.

Examine Opportunity Well. Every opportunity needs to be looked at through the glass of principle. It may mean, apart from conscience, a chance of making money or gaining social position, of grasping power; but if it does not pass muster morally, it also means loss.

SALE OF CHRISTMAS SEALS MAKING GREAT HEADWAY IN UTAH

Utah's Christmas seal sale organization is completed in every county and embraces a far greater number of people this year than in any of the previous twelve annual sales. There are more than 900 of the best people actively engaged in the sale, on various county and local committees.

New ideas are being worked out in the various communities, displaying a healthy enthusiasm that bids fair to make Utah one of the most successful states in the 1920 campaign. Park City opened their sales with a community bazaar. Twenty-five cents admission was charged and with each ticket twenty-five Christmas seals were given. The entire proceeds were turned into the general seal fund and will go for, according to Mrs. Anna M. Kopp, executive chairman, in running Park City's quota. James H. Waldo, executive secretary of the Utah Public Health association, spoke on "The Mission of the Penny Christmas Seal."

Park City also arranged a local speaker's bureau with representatives from the various churches. With just a few minutes' notice, these speakers, vitally alive to their subject, can present it at any gathering. Whenever a meeting is held and it can be so arranged, time is given to one of them. C. Dennis White, chairman of one of the Beaver districts, writes: "Read us 12 more posters, 'The Quest of the Wise Men,' and anything else that will be of advantage in our sale. We are in hearty sympathy with the move and will do all that we can to make it a success."

Brigham City has arranged a schedule of all the remaining days of the sale and will feature each day with some special stunt. The program for each day will be under the direction of a different organization. One day will be American Legion day, at which time all the legionnaires will turn out en masse to raise money for the cause. Another day will be in charge of the Bee Hive girls, day scouts, school children, Young Men's and Young Women's Mutual Improvement association, Relief society, Service Star Legion, fraternal order, women's clubs, Commercial club, etc.

The Cooperfield school at Bingham Canyon has the distinction of being the first school in the state to purchase a health bond. The pupils at this school had a small fund known as "School Club Money." This, they unanimously voted to spend in the purchase of a \$5 health bond, that it might hang in the schoolhouse as a permanent testimonial to their interest in better health. Miss Jennie Heidepriem, principal, sent the contribution with a letter from her pupils to the Utah Public Health association a short time ago. As a recognition of the splendid spirit shown by the children the bond denomination was increased to \$10 and framed by the association. It has been sent to the school.

Duchesne county will open its intensive campaigning December 17. On that date similar programs will be carried out throughout the country. One of the outstanding features of the Duchesne sale is the co-operation of all the mercantile establishments in the county. Booths will be opened in every store under the charge of some prominent woman. Both seals and health bonds may be purchased from the booths. Women employees in the various stores will come attired that day as public health nurses, wearing the regulation Red Cross nursing uniform. The men employees will don the helmets of the Modern Health Crusade, each helmet giving a prominent display to the double barred cross.

Frank Kelsey, president of the Duchesne Commercial club, has offered a \$1 prize to each grade in the public schools of the county that purchases a health bond. J. H. Moore, county superintendent of schools, is planning to place a \$5 health bond in each room as well as school.

Weber county is working out a similar idea. B. A. Fowler, county superintendent of schools, is offering a prize of some suitable subject to the school selling the greatest number of seals. The idea was worked out last year in Weber county and was most successful.

George Moench, manager of the Whole Wheat Produce company of Cache county, and executive chairman for Cache county, has arranged to raise the \$3000 quota for the county through the school children. The seals have been divided into 50-cent lots and placed in envelopes. One envelope will be given to each of the 8000 children enrolled in the county schools, and the child will be instructed by the teacher on the best method of disposing of his seals. In many instances, it is expected the parents will buy the seals. A button displaying a beautifully colored likeness of the Christmas seal will be awarded to each child who sells his 50 cents worth.

Every school in the county is planning to purchase a \$5 health bond. These will be paid for by the children, who are taking a nickel every Monday morning for three weeks. Awards of the Christmas seal button will be made to every child on payment of his first nickel. This will be the only solicitation made in the county.

Health day carnival in Rich county was celebrated December 10. At this time similar programs were carried out in the four towns, Garden City, Laketon, Randolph and Woodruff, beginning with an auction sale in the forenoon, at which time articles from household bric-a-brac to livestock were auctioned off. All returns go to help swell the county quota. The program included a cafeteria luncheon at noon, sports and parade in the afternoon and the health playlet, "Read Those Wins," and a grand ball in the evening.

John W. Thornley, executive chairman of north Davis county, reports that they have already raised 50 per cent of their quota.

10 Miles North on Highway

Situated between Smithfield and Richmond on the Highway is a diversified farm for sale, with most reasonable terms and attractive opportunities.

On the east side the road is a brick home and barn with cement base and every modern equipment with 27 acres of land running east to the foothill that Black Mountain soil is most ideal for hay, grain and silage corn.

Below the road is 25 acres smooth level and in first class condition for crops. It is first class best land, and then 10 acres meadow, for hay or pasture.

It takes many years to build a place to this condition, there is everything ready to go to work and start living, even the machinery and horses will be left with you. It is about one half mile to the pea vinery and railroad on the U. I. C. and eventually the highway will be paved.

It is a home where you will like to live, an opportunity that will enable you to make good. Let me tell you more about it, and better still, I will take you there.

CHILD RELIEF PROGRAM IS TO BE LAUNCHED

Tomorrow, December 19, churches of all races and creeds in the United States will join with Herbert Hoover of the European Relief council in the launching of a national collection of \$33,000,000 for the undernourished and diseased children of eastern and central Europe.

Three or one half millions Mr. Hoover estimates are so extremely starved that only the continuance of the American feeding stations throughout the coming winter will save them. For at least seven millions immediate medical care is imperative. More than 17,000 asylums, hospitals, clinics, and public kitchens are dependent on American support.

The child relief program is sponsored by eight of the largest charitable organizations in the country that have united for the purpose of

the emergency. They are: the American Relief Administration, the American Red Cross, The American Friends Service Committee, the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A. The collection will be carried on throughout the holiday season in the churches, theatres and public places, and through the newspapers, civic organizations, women's and men's clubs and societies.

Since the governments and communities aided furnish two dollars for every dollar of American charity in the form of transportation rent, labor, clerical help and cash contributions, every penny of American money contributed for food relief reaches a hungry child. One dollar will provide one meal a day for a month.

Heroes. No man is ever far from the heroic who has learned to do things when he feels least like doing them. To trample underfoot all moods and feelings—to get to our duty and our cross in spite of them—to do that summer and winter till we die, is the one road to the music and the crown.—G. H. Morrison.
